

Visiting researcher program application

The Labex UCN@Sophia offers financial support to invite high-profile scientists in its research teams. These visits aim at livening up the scientific activity of the Labex teams, contributing to the international outreach of the Labex and facilitating collaborations with foreign partners.

Applications are reviewed according to their adequacy with the Labex research topics, their scientific interest, and their impact on the host teams.

Invited researchers visit should be no shorter than 1 month. Longer stays will be favoured. In order to foster an over the long-term collaboration, visiting researchers can make several stays of one or two months during a period of 2 to 3 years.

Funding possibilities (cumulative) are:

- Reimbursement of travel expenses
- 30,50 € of daily allowance
- Reimbursement of accomodation expenses (upon presentation of invoice) up to 90€/ night
i.e a maximum fee of 3615 €/ month.

The Labex UCN@Sophia may handle hotel and plane bookings upon request.

Please return this application form to:

- Walid Dabbous, Scientific committee coordinator (walid.dabbous@inria.fr)
- Copy to Johan Montagnat (johan.montagnat@cnrs.fr)
- Copy to Sylvie Dupas, assistant (sylvie.dupas@i3s.unice.fr)

Requests will be processed as they arrive.
